## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claims 1-11 are directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 12-15, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 12-15 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on 14 June 2005 is hereby withdrawn.

### ***Specification***

2. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.
3. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

### ***Allowable Subject Matter***

4. Claims 1-15 are allowed.

Art Unit: 2879

The following is an examiner's statement of reasons for allowance: Regarding independent claims 1, 3, and 12, the prior art of record neither shows nor suggest an image display device comprised of, in part, an ultraviolet-ray shield resin film for shielding UV rays provided between the first substrate in the sealing part and the sealant, along with the rest of the limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
